

Application No.: 09/990,327

Docket No.: 05525-00003-US

REMARKS

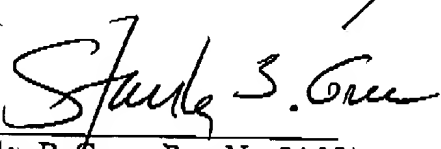

This Supplemental Amendment is filed following a telephone conversation with Examiner Myhre on January 3, 2005. In the conversation, the Examiner suggested the record required several changes including a revised reissue declaration to reflect that claims 99-188 were prepared and filed without deceptive intention. Applicant is filing herewith such a revised reissue declaration. The Examiner also suggested that the form of the previous amendment after final was incorrect to the extent that it showed deleted matter. The Examiner suggested the amended claims should be shown without identifying deleted matter. The claims presented herewith comply with this format. Finally, the Examiner also suggested that the Specification be amended to refer to the now co-pending reissue application and this Amendment accomplishes that purpose as well.

In view of all of the foregoing, Applicant submits that this reissue application is in condition for allowance and a Notice of Allowance is respectfully solicited.

Respectfully submitted,
